Business Checking Plus Earnings Credit Rate		.25%*		
90 Day T Bill Rate	0.02%			

*75% of 90 Day T Bill Rate- Floor Rate of 0.25% effective 3/1/2010

2. Truth-In-Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

a. Rate Information.

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above.

i. For all accounts except certificates. The Dividend Rate and Annual Percentage Yield may change as determined by the Credit Union. All Money Market accounts are tiered rate Accounts. The Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above.

ii. For certificate accounts. The Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account.

b. Nature of Dividends.

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

c. Compounding and Crediting.

For Money Market accounts, dividends are compounded daily and credited monthly. For all other dividend bearing accounts,

dividends will be compounded and credited monthly. The Dividend Period begins on the first calendar day of the month and ends on the last calendar day of the month.

d. Accrual of Dividends.

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account.

e. Balance Information.

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. For all dividend bearing accounts, dividends are calculated by using the daily balance method, which applies a daily periodic rate to the balance in the account each day. If you do not maintain the minimum daily balance, you will not earn the stated Annual Percentage Yield.

f. Account Limitations.

For all Savings and Money Market accounts, no more than six preauthorized, automatic, or telephone transfers (or other covered transactions) may be made from these accounts per month. If you exceed these limitations, your account may be subject to a fee or be closed.

gg. Certificate Account Features.

i. Account Limitations. For Term Share Certificates, after your

account is opened, you may not make additional deposits.

ii. Maturity. Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

iii. Early Withdrawal Penalty. We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

(1) Amount of Penalty. For certificates with a term of 3 months, the amount of the early withdrawal penalty is 30 days interest on the amount withdrawn. For certificates with terms of 6 to 36 months, the amount of the early withdrawal penalty is 90 days interest on the amount withdrawn. Certificates with maturity dates of 60 months have early withdrawal penalties equal to 180 days of interest on the amount withdrawn.

(2) How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been, or would be, earned at the nominal interest rate on the account. It applies whether or not the interest has been earned. In other words, if

account without being charged an early withdrawal penalty.

(3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

iv. Renewal Policy. Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

h. Nontransferable/Nonnegotiable.

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

the account has not yet earned enough interest, or if the interest has already been paid, the penalty will be deducted from the principal.

(3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

iv. Withdrawal of dividends prior to maturity. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings

v. Renewal Policy. Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the
