FOR IMMEDIATE RELEASE

Bellco Adds “My Deposit” Mobile Banking Feature for iPhone and Androids

Latest enhancement to the Bellco mobile banking service allows for check deposits from anywhere using an iPhone or Android smartphone application now available

GREENWOOD VILLAGE, Colo. (April 18, 2012) – [Bellco](#) today announced its mobile banking services, designed to improve the efficiency, convenience and security of banking on-the-go for more than 200,000 customers, now includes the My Deposit feature to allow customers to deposit checks using Bellco’s free iPhone® or new Android™ smartphone applications.

Customers have enjoyed My Deposit for online banking using their home scanner, but now they will be able to use their iPhone or Android app for greater flexibility. Bellco customers can simply and securely use their mobile phone to take a picture of the front and back of an endorsed check and then submit it for deposit.

“My Deposit is the next evolution in Bellco’s mobile banking services and part of our commitment to providing convenient, secure banking options to meet the needs of our customers,” said Deirdra O’Gorman, Vice President of Customer Relationship Management for Bellco. “Whether our customers want personalized service at a branch location, access to a nationwide network of shared ATMs, or to reference account information on-demand from their pocket or purse, Bellco can now be where you need us, when you need us.”

Customers who already use Bellco’s online banking may take advantage of the mobile banking services by enrolling online via [Bellco’s website](#) and then downloading the appropriate app via either the [Apple iTunes® Store](#) or the [Android Market™](#).

My Deposit for iPhone and Android and the new Android banking app are the newest additions to Bellco’s mobile banking services that include text banking, and the freedom to check account balances, transfer money, view transaction history and set up account management alerts while on the go. Bill payment options are included on both smartphone apps and via the mobile website, which also features branch locator information and easy viewing of current loan rates.
